

# Visions of webster county history

Located 6 blocks west of downtown Red Cloud, on Nebraska Byway 136. Our museum is housed in a beautiful 1909 classic revival style brick mansion. The rich heritage of the early settlers of the county during the late 1800s and early 1900s are depicted throughout the four floors.

Reunite with family with our Genealogy Department

The *Man & The Land* exhibit building has an outstanding display "Creating the Plains Community." You'll discover our "Digging Through Time; Webster County" paleontology exhibit. It shows some of the "finds" located in Webster County.

Discover the past with Webster County Archives

A 1904 Rumely steam engine and a 1910 Case threshing machine, along with many other early day farming machinery are shown in the *Pioneer Farm Implement Building*.
